Summary

Full-stack developer skilled in designing scalable web applications with React.js and Node.js. Passionate about building high-performance solutions and leading cross-functional teams to deliver impactful projects.

TECHNICAL SKILLS

- Frontend: JavaScript, React.js, Redux, Next.js, TypeScript
- Backend: Node.js, Express.js, TypeScript
- DevOps: Docker, AWS, Jenkins
- Database: MongoDB, PostgreSQL, MySQL
- Developer Tools: Git,Google Cloud Platform, VS Code

EXPERIENCE

Full-Stack Developer (Intern & Trainee)

August 2024 – January 2025

Brightcode Software Services Pvt. Ltd.

Namkum Industrial Area, Ranchi

- Implemented a REST API using ExpressJS and MongoDB for e-commerce product management.
- Completed 6-month full-stack development training, mastering React.js, Node.js, Express.js, and MongoDB
- Developed real-world projects, including an e-commerce platform with authentication and payment integration
- Resolved critical bugs, developed new features, and integrated REST APIs in an enterprise-grade application, improving system efficiency by 20%.
- Utilized Git for version control, followed Agile methodologies, and deployed applications to cloud platforms.

PROJECTS

Ecommerce Website

August 2024 – January 2025

Tech Stack Used: Node.js, Express.js, React.js, Redux, Tailwind CSS, MongoDB

- Developed an interactive, intuitive, and responsive frontend using React. is.
- Built backend with Node.js and Express.js to handle API integrations and database operations.
- Utilized MongoDB for database management to store and manage product information and user data.
- Implemented token-based authentication and authorization using Sessions and JWT.
- Created a product catalog with features like search, filtering, and sorting.

Live Chat Web App

December 2024 – January 2025

Tech Stack Used: Node.js, Express.js, WebSockets (Socket.io), React.js, Tailwind CSS

- Designed and developed responsive user interfaces using React. is, improving user engagement.
- Implemented state management using React hooks for dynamic UI updates.
- Built a signaling server with Node is and WebSockets (Socket.io) for real-time communication.
- Developed a cross-platform web and mobile client, reducing development time by 30%.

EDUCATION

Guru Ghasidas Vishwavidyala

Bilaspur, India

B.Sc. (Hons.) in Computer Science

July 2019 - May 2022

CGPA: 7.64/10

Relevant Coursework: Operating System, Database Management Systems , Data Structures , Design and Analysis of Algorithms, Computer Networks, Software Engineering , Image Processing , Artificial Intelligence , Data Mining
